

Subject: Availability of Air Data Components
Aircraft: Eclipse 500 and 550
Effectivity: All Aircraft
Applicability: All Aircraft

1. SUMMARY

This SIL provides information regarding an upcoming re-organization of EAI's air data component manufacturer's processes and the short term effect it may have on the availability of spare parts such Pitot / AOA Probes and Air Data Computers.

2. BACKGROUND

Harco Labs, the manufacturer of the air data system components for Eclipse aircraft is beginning a re-organization of their manufacturing and repair processes beginning on August 28, 2014. This change is intended increase efficiency in the manufacturing and repair processes

3. ECLIPSE ACTIONS

Eclipse is issuing this SIL to advise customers that there may be some short-term shortages of certain air data system components while the re-organization is in progress. This process is intended to be completed within 2-3 weeks. EAI has increased its inventory levels to minimize any inconvenience to our customers.

4. SUGGESTED OPERATOR ACTION

EAI is supplying this SIL to keep owners / operators informed. No action is required.

5. EXPORT CONTROL

These commodities, technology or software, were exported from the United States in accordance with the Export Administration Regulations. These commodities, technology or software are intended for use only in the End User's country. An export license from the U.S. Department of Commerce may be required before these products can be re-exported, transferred, transshipped on a non-continuous voyage, or otherwise disposed of in any other country, either in their original form or after being incorporated into an end item. Diversion of this end-item or its use contrary to any applicable U.S. government license or to U.S. law is prohibited.
